EXPERIENCE

- CALIFORNIA INSTITUTE of the ARTS Visiting faculty, School of Art
September 2010—May 2011. Valencia, CA
- GREYWATER CORPS Started a company dedicated to design, education and advocacy of greywater irrigation systems, which save up to 40,000 gallons per household each year.
August 2008—Present. Los Angeles, CA.
- LEIGH JERRARD, ARCHITECT Residential and commercial design, CDs, permitting, and construction administration.
August 2008—Present. Los Angeles, CA.
- YEH + JERRARD LLC Principal; responsible for all aspects of running a small architecture studio including architectural design, project management, job acquisition, client relations, construction administration and employee management. Projects included residential and small commercial projects throughout California and Hawaii.
March 2002—March 2007. Los Angeles, CA.
- JoT HOUSE PREFAB Developed a low-cost sustainable prefabricated building system yielding elegant, minimal houses that can be built in a matter of weeks. Built successful prototypes in Los Angeles and Joshua Tree, CA. Formed a corporation to promote the design for urban infill, residential redevelopment, and refugee housing.
April 2004—March 2007. Los Angeles, CA.
- FRANK O. GEHRY and ASSOCIATES Project Architect: worked on a variety of projects in multiple capacities. Managed model-building teams, coordinated projects with engineers and fabricators, developed SD and DD drawing sets, designed and managed project 3-D computer models. Ultimately worked as Project Architect for Le Clos Jordan, a \$20 million winery near Niagara Falls.
December 1995—February 2002. Santa Monica, CA.
- RESIDENTIAL and SCENIC CONSTRUCTION Worked in many aspects of residential and scenic construction, including framing, electrical work, plumbing, drywall, finish carpentry and casework, and movie-set building.
1986—1991. Los Angeles, CA and Chicago, IL.
